

Creative Director: Grayce Cooper

Designer: Christina Oates

What's working:

- Color scheme
- Font
- Image choice

What still isn't:

- Navigation bar being more clear
- Overall layout of discography page

Where to go from here:

- Small fixes on layout
- Removing tags from Wikipedia copy and paste
- Overall legibility

Technical and design issues:

- Fixing text decoration on source page

How is the page structured?

- Page is structured nicely, still working on discography

What is the plan for how the design will function responsively? What elements seem to be problematic or difficult?

- Images will get smaller, overall layout will remain the same
- Nothing too difficult
