I have chosen one of my favorite bands: clipping. My site will have 4 total pages. Each will include a different aspect of the band. I will also include some external photography and embedded music players.

- Home Page/Introduction
  - Introduce the group. Define the members, genre of music, and top songs.
- History
  - How the group was formed.
- Discography
  - A list of albums and their track lists.
- Styles and Influences
- Sources
  - This page will just list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
